

slewing ring

We are professional Manufacturer and supplier of slewing ring bearings & gears, We make all kinds of slewing ring bearings, such as single row ball slewing bearing, double row ball slewing bearing, three row roller slewing bearing, roller and ball combination slewing bearing. Our products are widely used in various application fields, such as port, ship, vehicle, mining, engineering, lifting, environmental protection, oil, chemicals, light industry, metallurgical machinery and the military, etc.

Lida founded a analog simulation laboratory in order to optimize the design of slewing ring bearings, to get the products with more stable and reliable performance and to increase the efficiency of the product development. We meet with ISO14001:2004 and CCS approval for our high standard quality control. If you need **slewing bearings**, please don't hesitate to contact us.
